

Hear ye! Hear ye!
All potential tutors:
Come out, come out, wherever you are!

In order to ensure the success of the Preparatory Course for the certification examination in translation, we need a number of volunteers who agree to tutor the participants. This involves reviewing the translations done by the participants and returning them with constructive criticism and suggestions, without assigning a mark.

Supervision of a participant consists in evaluating four translations of texts of approximately 200 words each. Each tutor will receive a kit containing all the information necessary to ensure the uniformity and effectiveness of this program. It should be noted that each tutor will receive a cheque in the amount of \$60.00 for each participant tutored.

Please complete the form below and return it to ATIO before August 5, 2011
